LETTER FROM THE EDITOR

Well, here goes....

Many of us have been touched by **genetic disorders** of one sort or another with our animals. They are emotionally and financially taxing, and often have heart breaking consequences. In this issue, we have included information on the University of Missouri study regarding finding DNA markers for carriers of seizure disorders. This goes along with the last issue of the ABC magazine and articles in the July issue of the AKC Gazette. I urge all of us, and other Brittany Clubs, including the National Club to join with the other breed clubs in supporting this study.

I also urge anyone with dogs that may fit into any of these categories, to join the study by supplying blood samples and pedigrees. Only through open-

ness can we hope to get a handle on a growing problem in our breed ... and in all breeds. We all need to work together, and confront the problem to be able to find some hope in dealing with it.

Sincerely,
Sharon Kalionzes

I would be very happy to have comments from our members on this subject. Please, email or write me about this if it is of concern to you.

Remembrance

Condolences go to Marc and Vicki Rittner on the loss of Marc's mother, **Thelma Rittner** on Sunday, June 23rd.

We've lost a longtime CBC member, nice lady, and

breeder of lovely Brittany's. **Barbara Weddell** passed away on July 19th of complications of leukemia. She was a partner in Sandbar Sporting Dogs with her daughter, Sandra Weddell-Jaqua. Husband Art and two children, Art III, and Sandra and Sandra's husband Scott Jaqua survive her. Sincere sympathies go to the family.

Our condolences go to Bill and Cindy Leffingwell and family on the loss of his mother.

Karen Nelsen has recently lost her mother. Our thoughts are with her also.

PRESIDENT'S MESSAGE

I can't believe it has almost been a year, and with much regret I will have to turn the reins over to Ed. For the most part it has been a very fulfilling experience for me. But I will say that I have been a little frustrated at times. I just want to

tell you all how proud I am to be associated with a group of people (and dogs) like you. It will be a little hard for me to not be president, but I'm looking forward to getting back to being field trial chairman and to be able to do the things I really enjoy doing...planting birds, filling up water tubs, helping Bill and

Joe set up the show ring and maybe BBQ once in a while.

In conclusion, I would like to thank all of you that have helped and supported me this year. I know you all continue to help and support the new officers. Thanks again for everything.

LETTER TO THE EDITOR:

Have you ever tried to get 2 tired out teachers to be clever & creative after the school year is over? Forget it - We are lame! We could only come up with:

- On Point
- Show & Field
- Field & Show
- Heart of Gold
- Dual Dynamics
- Dual Points

I want to share some thoughts with you that we want you to know and may or may not want to include in a newsletter:

Glenn and I purchased our first Brittany from Amy Schmieder last Feb. Except for our research about the breed, we knew nothing about showing a Brit, grooming a Brit, Field Trials, etc. We have been absolutely blown away by the

help, friendliness and inclusion we have been shown by both the CBC and also the San Diego club and we love the fact that the two clubs are friendly and supportive of one another. We are pleased to be able to belong to both clubs with no animosity between them. People have gone out of their way to help us with grooming, showing, offers of horses to ride if we go to the

Field Trials, equipment, coat problems, proper diet, etc. Our list could go on and on! Our past experience with another breed was very different! I can't tell you how much we are enjoying our Brittany and being a part of this special group of people.

Thank you,
Suky & Glenn Reilly

SIGNS OF THE TIMES

To All Members:

If you are the lucky people who are computer savy...and are able to accept "pdf" files, PLEASE let us know. We would LOVE to be able to send you our CBC Newsletter via email, and save the club the \$\$\$ in postage/snail mail time. Just think of the \$\$\$ we could spend on FUN things instead of postage!!! All it will cost you is the printer paper to copy YOUR newsletter for posterity. What a WONDERFUL thought!!!

Be the first on your block to get your copy via email!!! Let us know your "address" and we will zip your copy thru the computer wires.

Sincerest thanks...

GENERAL MEMBERSHIP MEETING, AUGUST 18, 2002

Pre-Approved Minutes

President Bill Landress called the CBC General Meeting to order at 12:42 PM on August 18, 2002. The meeting was held at El Dorado Park, Long Beach, CA in conjunction with the California Brittany Club Willie Match.

Secretary Report: Linda Dixon read the minutes of the June 1, 2002 General Meeting. She then read a requested correction to the minutes by Vicki Rittner. Agnes Rodrigues made a motion to accept the minutes with the requested corrections. Susan Kearns made a second to the motion. The minutes were approved as corrected.

Treasurers Report: Linda Dixon stated that there is a balance of \$6,464.77. Linda Langford made a motion to approve the treasurer's report as read. Margaret Horstmeyer gave a second to the motion. The treasurers' report was approved as read.

COMMITTEE REPORTS:

Field Trial Chairman: Bill Landress, Chairman stated that the Fall Field Trial will be held on November 2-3, 2002 at California City, CA. The stakes will be OP, OD, OAA, AAA, OGD and AGD. AAA & AGD will be open to all pointing breeds. There will be no gallery horses. Trophies were discussed. Bill stated that the committee would try to hold a raffle at the Field Trial.

Specialty Show: Linda Langford and Nancy Schmieder will chair a meeting soon to begin planning for the 2003 Specialty Show. They ask that any ideas for a secretary and

judge be forwarded to them. They also ask that all who wish to be involved please contact them.

Club Championship: Bill Landress, Chairman said the committee is thinking about having the fun day at California City on December 14-15, 2002. This will include a seminar and/or training session on Saturday with a holiday dinner at the Silver Saddle on Saturday night and the Club Championship on Sunday. The Board discussed several ideas including a Snake Breaking Clinic & Seminar by pro trainer, Paul Doiron. Bill will request rooms at the Silver Saddle for anyone needing them. If anyone has any further suggestions, please call Bill. Information will be published as soon as the plans are finalized.

Awards Banquet: Linda Dixon stated that 43 people attended the awards banquet. This is not a fundraising event and the loss was \$119. She stated that all comments were very favorable and that most requested the event be held at Eagle Glen Golf Club again next year.

Quail Conservancy: Bill Landress spoke with David Gould who said they are progressing slowly. They are looking for volunteers from Southern California. Anyone who is interested, please contact Bill Landress.

Awards Committee: Barbara Robben said the committee is not ready to present their report. They are having committee dialog and will present their proposal in the newsletter. After members have had a chance to read the recommendation from the committee, it will be up for a vote at the next General Membership meeting.

Newsletter: Sharon Kalionzes said the next date to publish is September. Articles should be submitted ASAP. The membership ap-

plauded the newsletter and thought it was a super job.

New Business: Agnes Rodrigues voiced opposition to any CBC fundraiser when checks are requested to be made out to an individual member and not CBC. The general membership held a lengthy discussion on this issue and agreed in general with Agnes on this concern. Bill Landress stated that the Board of Directors is in discussion regarding this and other issues and information to the membership will be forthcoming soon.

Agnes Rodrigues voiced concern regarding the ownership of the CBC Directory. The general membership had discussion on the concern that the ownership is not CBC property and is the property of Vicki Rittner as stated on the back cover of the directory. Many members stated that their information was submitted based on their assumption that this was a CBC owned Directory. Bill Landress read a sentence from a letter he received from Vicki Rittner, which stated 'This directory is not CBC property, and no part of it may be copied or reprinted without my permission'. Bill stated that the Board of Directors would address this issue at their next meeting. The general membership asked that it be addressed at this meeting. Discussion followed.

A motion was made by Bill Hacker that the California Brittany Club does declare that the California Brittany Club Directory compiled by Vicki Rittner will not be copied, distributed or sold from this day forward. The motion received a second from Rich Harbor.

President, Bill Landress asked

for a show of hands on this motion. The show of hands to approve the motion was 25, opposed 0. The motion passed.

Linda McDonald questioned the Treasurer's Report that did not show the Field Trial Raffle income. Bill Landress asked that this subject be tabled until a later date.

Bill Landress stated that Linda Dixon has resigned her position of 3rd Vice President and the Board of Directors has elected Cindy Leffingwell to replace her for the remainder of this year.

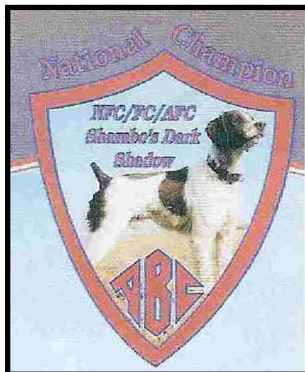

CBC Archives/Historian: Margaret Waite has volunteered to chair this position. Bill Landress read a note from Margaret asking for volunteers to help in her new non-political job. She promised to make it fun and rewarding for all. Bill will contact Margaret for proposed budget for this on going responsibility.

Pennie Peterson stated that September 15, 2002 is the last day to submit names to the National Futurity. Barbara Robben made a motion that CBC propose that the Futurities declaration of which stake the dog will run in be made at the time of entry and that each region has the option of deciding if the Gun Dog Futurity will be handled by horseback. Jerry Rosenberg made a second to the motion. The motion carried. Pennie will take our proposal to the ABC leadership.

The meeting adjourned at 2:20PM

Respectively Submitted,

Linda Dixon
Acting Secretary

The American Brittany Club

AMERICAN BRITTANY CLUB CODE OF ETHICS

Adopted November 30, 1996

The following principles are to be used as an educational guide and a tool for Brittany breeders for the purpose to develop more genetic and disease free dogs, while being ethical in all matters with the public and with our peers.

Objective and Purpose

To promote cooperation and friendship among the breeders and owners of Brittany and to encourage higher standards in breeding, training and showing of Brittany in the field and in the show ring; to discourage the breed from becoming split into groups of "field dogs" and "show dogs" and to strive to keep it forever a "dual dog".

Ethical breeders should:

1. Comply with all ABC and AKC rules and regulations.
2. Maintain a high standard of health, care, and cleanliness for dogs under one's care.
3. Truthfully and realistically represent the Brittany being bred and/or sold in terms of quality, health, and genetic history. Refrain from breeding a bitch or using a stud until they are two (2) years old.
4. Consult with your breeder and with knowledgeable, experienced members of the ABC, regional clubs, or local kennel clubs to broaden your understanding and knowledge of the history of the breed BEFORE breeding your Brittany.
5. Breed only stock which are physically and temperamentally sound and in good health. No dog or bitch should be bred that is known to have serious inheritable defects or genetic diseases, such as:
 - canine hip/elbow dysplasia, primary epilepsy, a seizure disorder,
 - eye disorders - retinal atrophy, undescended testicles,
 - heart defects, extreme shyness, viciousness, other inheritable diseases or defects
6. Not attempt breeding without the ability to distinguish between correct and incorrect physical attributes. This ability requires a careful study of the breed standard, principles of genetics, and a study of both the sire and the dam's pedigrees. Breeders should study and learn the good points within our dogs, looking to both field ability and conformation.
7. Have their breeding stock OFA (Orthopedic Foundation for Animals), GDC (Genetic Disease Control) or PennHip certification numbers for hips on, at least, both the sire and the dam; preferably for three (3) generations on both sides of the pedigree. In addition, other tests (brucellosis, eyes, elbows, and other unspecified tests) should be declared in agreement between owners of the sire and the dam prior to breeding.
8. Refuse to sell to commercial wholesalers, retail brokers, or research laboratories.

Code of Ethics (continued from page 7)

9. Have tails docked and dew claws removed soon after birth. Prior to the sale of the puppies, initial shots for known infectious diseases should be given and worming administered. A buyer should be supplied with a four- (4) generation pedigree, registration certificate, information on all veterinary care, and instructions for the care, feeding, and training of the Brittany.

10. Remember your responsibility, as a breeder does not end with the sale of the puppy. A breeder should have contact with the buyer of a pup throughout the life of the dog. This information will enhance breeding knowledge and improve the foundation for a good long-term breeding program. This will also help your regional club to grow with new members and possible participants and workers.

11. Use spay/neuter agreements and/or consider limited registration if it is known or believed to manifest hereditary defects detrimental to the breed. **THE LONG TERM INTEREST OF THE BRITTANY SHOULD BE THE GOAL OF EVERY BREEDER.**

12. Consider DNA finger printing for all dogs in your breeding programs.

EPILEPSY STUDY AT THE UNIVERSITY OF MISSOURI

The following is directly from the U of Missouri web page:

The objectives of their investigation into hereditary canine epilepsy are:

1. Recruit samples from a large number of **affected** individuals and **their immediate** family members (**siblings, parents, and grandparents**).

2. Evaluate the genotype of

selected families to search for linkage between DNA markers and clinical epilepsy, the use this information to identify the causative mutation or mutations

3. Devise a DNA marker test that detects and distinguishes normal and mutant (epilepsy-causing) alleles, and make this test available to dog breeders so that they can produce epilepsy-free dogs.

As of May 31, 2002 only 14 samples from Brittany's have been received.

Dog clubs can contribute to the success of this project by making their members aware that this research is underway, and encouraging those who have AFFECTED dogs or IMMEDIATE relatives to participate.

Blood Samples: The ideal sample for DNA extraction is 5-10cc's of WHOLE blood in purple-topped (EDTA) tubes. The blood sample needs only to be put in the tubes and rocked gently a few times to distribute the anticoagulant - do no spin, extract serum, or anything further. Refrigerate if sample is being held for any time before shipping.

COMMITTEES

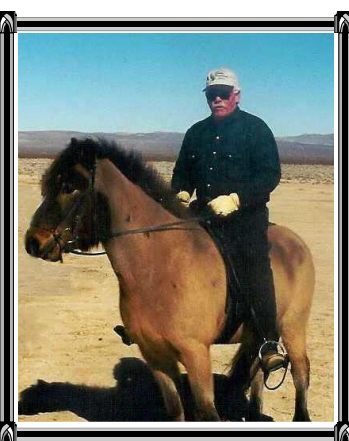

The Committee Chairs are interested in your input. If you would like to participate on ANY of the CBC committees, contact the Committee Chairperson listed on the back of this Newsletter.

HAPPY HOUR?

Any one interested in co-hosting the happy hour on November 2nd at the fall field trial? Contact Linda Langford or Bill Landress. Contact info on back of the Newsletter. Premium list is scheduled to be out soon.

DALE C. ELLIS

It's been a year now since the tragic accident in the White Mountains of Arizona. I am so happy that Paul Doiron and Hank Hartnek are here and still active in the Brittany Community. I wanted to take the time to thank all of you that helped me through this first year without Dale. You all have been so wonderful.

Thank you, Myra-Dawn

ON COURSE...

Those of you who get the Gazette, check out the July issue...the one with the cute Boxer pup on the cover. The entire issue concerns health issues. Page 27 speaks of the OFA and Genetic Disease Control joining forces. The Canine Health Information Center (CHIC) has an interesting notation in the article and a website to look at, www.caninehealthinfo.org.

HELP.... A very nice lady called me the other night. They recently lost their 14+ year old Brittany, and are looking for a new family member to love. They would like a healthy puppy, either sex and will be a loving pet home...possibly try agility for fun. If anyone knows of a nice litter or one to be bred soon, please let me know. Sharon K.

OPPS!...

Corrections to our last newsletter:

1. FC/AFC Blazin'Can-Dee, owned by Jerry Rosenberg and Barbara Robben won 1st place in Veteran Sweeps Bitches over 12 years old at the San Diego BC Specialty Show on May 17th.
