FROM THE PRESIDENT'S CORNER

I would like to put in a President's letter welcoming everyone to the New Year! We have several events coming up that many volunteers have spent much time putting together. First off -- we have the field trial on the weekend of February 6. With the end of February arrives a Super Hunting Test

where some of us may get four legs in one weekend!! The end of May brings our CBC breed specialty show which is also very well attended. Later this year we will have a Willi Match and the CBC awards banquet.

I would like to wish ALL of the CBC competitors a happy New Year (a little late) and

much luck and skill in ALL of the upcoming events. A huge thank you to Sharon and your staff for putting together the newsletters and also to all of our dedicated volunteers that work so hard to put together all of our events!

Thanks so much.

CBC FALL FIELD TRIAL BY ROZANNE WOELM

The CBC held its fall trial on Oct. 30-31 at California City. The weather was nice (meaning no rain, wind or snow of any significance) for that time of year and those of us who have been there before felt very fortunate for that. There were 76 starters in all so ...

"HUSTLE" was the key word of the weekend. On Saturday night, after the days running, we not only celebrated but had a 1st time ever event for the California Brittany Club. We celebrated with Eldon Bouchie and Sally Jordan for finishing Keystone's

Ricochet (English Setter), better known as Calvin, to his Field Championship as well as Pennie Peterson-owner and Craig Lewis-handler for finishing FC Shiloh's Mad About You "Maddie" to her Amateur Field Championship. Congrats again!!

(Continued on page 2)

CBC FALL FIELD TRIAL (CONT.)

(Continued from page 1)

They treated us to a WONDERFUL Happy Hour with hors d'oeuvres and a GREAT tri-tip dinner in honor of their newly crowned canine. Members brought potluck dishes to add as well as great stories to tell. Being Halloween...our 1st ever Halloween parade...for the animals was a rousing success. There were cowboys, devils, hula girls, cows, clowns as well as SUPER DOG and to no ones surprise... Elvis was in the house!

So much fun!!!!

The raffle, held during all the festivities, featured a beautiful horse blanket and many,

many nice items. Linda McDonald always does an exceptional job with our raffles and if I may say, "Thank you Linda, and you are the luckiest person I know."

With next to no complaints (we are human, after all) the trial finished on schedule and with a new Field Champion

to brag about. Member Karen Nelson's "Nelle" finished her Field Championship under the able whistle of Paul Doiron. I know everyone left with a great feeling of pride and a sense of "a

job well done." The Field Trial Committee deserves a BIG round of applause for all of their time and hard work. We also thank the many members

dle, Rich and Helen Harbour along with Rozanne Woelm and Margaret Waite for morning coffee and lunches, Bill Landress, Linda Langford and Myra-Dawn Ellis for all the hard work and headaches behind the scenes as well as at the trial, to Jerry Rosenberg for providing the "Mic" so that we could thank Barbara Robben for hustle and muscle in getting the dogs to the line, Margaret Horstmeyer and Toni Avedissian for their invaluable contributions of time and hard work and of course to members Bob Woelm and Craig Lewis who spent their time in the saddle watching our Brits. From this reporter and member.....you are all just AWESOME!

and participants who always help make these trials a success. Big thanks to Ed and Linda Dixon and their fine family Brad and Shannon Renfree for numerous jobs and bird planting, Cindy and Bill Leffingwell for all of their hard work and time in the sad-

LETTER FROM THE EDITOR

Happy New Year all!!

The rain has finally stopped and the mountain range, with its snow-capped top looks beautiful in the sunshine. Our condolences to anyone who lost family or property to the rain and mudslides which started 2005. Hopefully, good weather will return to California for the remainder of the year.

The CBC has its Fall Trial to look forward to in February, as well as the Hunting Test. Those of you with computer access should be sure to check out the new look at the CBC website:

www.californiabrittanyclub.org

Myra-Dawn has worked magic with it, and it is beautiful as well as informative. All the upcoming events are/will be posted there. The newsletter is there, as well as informational sites to look at. I love all the photographs she has included at the sites! For those of you without computers, the newsletters will be sent via mail to you. Everyone will receive the membership list by mail only this issue.

As always.... send me your brags, announcements, information you'd like to put in the newsletter. If I don't get it, we can't print it... please be certain to include the "formal" name of your dog, the

"call" name, the event and the date for your brags. I know most of your dogs by their call name but have a real test remembering their formal name. I need help with those please!

Best of luck to everyone for successful competition in your favorite "games of choice"!

Have FUN, travel safely, and hopefully meet new people to exchange ideas with about our wonderful dogs. Have a great Spring!

Sharon K.

Please, it's up to you to let us know when your dog does something wonderful. If you don't tell us... we can't print it!

THE WILLI CONTRACT

BY RICH HARBOUR

As you may or may not know, when I (Rich Harbour) was filling out Rookie's (not the pick of the litter) initial AKC registration papers, the loving wife was too busy and "not available" to answer questions about how to fill in the blanks. So when Rich asked how he should fill in the ownership part there was no input from her. She just answers "Whatever you want," so Rich thinks, "No big deal, the fewer names the less filling out he had to do." So Rookie is registered to Rich Harbour alone. This is where the plot begins to thicken. The lovely wife gets talked (by one "S. Kalionzes") into taking a handling class because he (Rookie) has matured into a fairly good looking dog. After the first blue ribbon, the wife is hooked. But the owner, Rich Harbour, gets all of the ink. Fast forward several years and CH First Time Flyer gets an "Award of Merit" at the 2004 summer nationals and Helen's picture with the pooch in the Brittany Magazine. But whoops; owner Rich Harbour gets the ink and who knows who

that fine looking chick is next to the dog? Then Rookie wins the Willi Match and this yarn is getting more tangled by the moment. You see each side of the base of the perpetual Willi trophy has a plate with the date, winner's AKC name, and owner's name, dating all of the way from 1962. Rich thinks the en-

graved plate will make a fine Christmas present but what ownership to engrave on the plate? So he devises a compromise of sorts, or you may see it as a contract, or in another light, a guarantee for his future. You see, Rich knows who comes first in the pecking order of

favorites around the house. If for some crazy reason this lovely couple should separate or divorce, giving up that dog to her husband is simply not an alternative. So here it is, the little note that was attached to the engraved plate to be screwed (no pun intended) back onto the trophy:

Upon the acceptance of this engraving for the perpetual Willi Match trophy marked "2004 CH FIRST TIME FLYER RICH & HELEN HARBOUR" Helen Harbour acquires half ownership of CH First Time Flyer, an AKC registered orange and white Brittany. However, Helen Harbour, upon said acceptance, relinquishes all ownership, should there be a separation or divorce in the marriage between Helen & Rich Harbour and full ownership returns to Rich Harbour, the original owner of First Time Flyer.

She will never leave me; she loves that dog too much. Rich

(perfect score) taking two blue ribbons. She is owned by Sharon Kalionzes & Pennie Peterson and handled by Sharon.

CH Swift River's Surfer Girl JH, aka "Gidget" owned by Rich and Helen Harbour finished her JH at the Vizsla Club of So CA in Jean, Nevada with Helen doing the honors on the whistle. Congratulations!!

CH Booker's Northern Legacy, aka "Emo" went 1st AGD at High Desert BC trial 11/6-7/04 with owner Lynda (& David) Evans handling, on 11/13-14/04 Emo won the Open Limited GD stake at the GWPC trial with Pennie Peterson handling.

Shiloh's Chance of a Lifetime aka "Chance" was 1st OP at Orange Coast Weimy trial 10/9-10/04 for owner Pennie Peterson

Way to go CBC!

LETTER TO THE EDITOR

I received correspondence as editor from a member who stated her feelings about the latest "non-issue" of the NL.

"Will there be a CBC newsletter this month?"

Vicki

"I'm sorry...we're running a bit late with the holidays and some personal things going on. Most everyone has been a little late in their articles, brags and news. Bear with us...it will come in February."
Sharon

"You're being way too nice to those who are late. What ever happened to deadlines? If someone doesn't get their brags, articles, whatever in on time, I don't see why you should hold up production and wait.

Not every CBC newsletter needs to be 12 pages. As Editor, can't you make an editorial decision to go ahead with whatever you have? And if there is something going on in your personal life that makes it difficult for you to make the time to do this, I totally understand. You just need to let it go and let the officers find someone else to do it.

This is not worth any more anxiety on your part, if you've got other troubles to deal with. JMO..."
Vicki

I do apologize for it being late this beginning of '05. For many years we did not have a newsletter. I was asked to do it again, when I re-joined the club, and I feel we have a WONDERFUL team of people to

put it together. I am, as are the rest of the team, very proud of how the newsletter has evolved and enlarged. We have had positive feedback from most of the members about "On Point." There will be times that it may not be exactly "on time," but we do try our best. There are many things that come into play with getting the newsletter out...none the least is our lives apart from the CBC. We do try our hardest to be on time. I personally apologize for the New Year's edition being "tardy." I would like to state that it IS the first time in three years that it has been late...but late it is.

If the membership would like to have someone take over my job, have them get in touch with the board. I would be happy to step down if people are unhappy with my service.

Sincerely,
Sharon

REMEMBERANCES

It is with deep sadness that we must report that **Jodi Engel** passed away Friday evening, Feb 11.

She will be missed by all, and our hearts and prayers are with her husband Hal, and her children. In Lieu of flowers, donations can be made to the Marv Nelson Brittany Fund in her name; or to the Benton County Hospice or to the Chimini Kennel Club for a Junior Showmanship Scholarship in Jodi's name. Those can be sent c/o McHenry Funeral Home, 206 NW 5th Street, Corvallis, OR 97330. You can read her obituary at: <http://www.gazettetimes.com/articles/2005/02/15/news/obituaries/obit2.txt>

Our most sincere condolences to **Margaret Horstmeyer** and her family on the loss of her Mother on October 10, 2004.

Condolences go to **Marc and Vicki Rittner** on the loss of Marc's Father on Dec. 26th.

Please get well soon!

Rich Harbour and Bob Woelm have had major surgery on "parts" of their bodies that will need rehab. Get well soon Guys!

LATE, AND GETTING LATER

(WHY DO THINGS GO WRONG WHEN YOU'RE IN A HURRY?)

BY MYRA-DAWN ELLIS

I should have known that we were in for an adventure when Linda and I tried to leave home starting out two-hours late and with the RV still plugged in to the electricity outlet. Getting stuck in LA traffic put us even more behind schedule.

Then, when nearing Sacramento, I needed another rest room break. Luckily there is a bathroom in the RV so we pulled off at an exit that was marked no service in the "Exit Book." Should have been a simple stop...HA! Couldn't find the on ramp back to the freeway, so we then made a left turn onto a dead end road. Tried to back up the "rig" (31' RV and 20' horse trailer) back onto the main road with the biggest concern being the traffic. POP POP! You guessed it! We jacked knifed the rig leaving a dent in the RV, the bumper was bent after gouging a big hole in the horse trailer! We decided to try a different approach...turn around...30 minutes later we were back on the road. Even more behind schedule! Our plans to arrive at the trial grounds before dark are really not going to happen now.

We continued through the last town of Sheridan. Darkness fell as we navigated on dirt roads, undauntedly working with our trusted map we follow the directions to the "T." Counting off the mileage distances marked in the directions... all turns were located where they were supposed to be. At last, the final turn and we were on the road to the trial grounds. But here no distance was listed. Humm... Linda got out and

checked the area near the cattle-loading thing... could hear dogs but thought that there was a bigger entrance farther down. We continued down the road, saw another sign, Linda gets out and reads it. "No off road vehicles" OK, perhaps we passed the grounds. Can't hear dogs anymore, and no place to turn.

We continue traveling on and find a place that looks like other vehicles might have turned around there. Both of us get out and using flashlights we decided that it was the widest turn that we had seen for awhile... We can do it! Boy, oh boy, were we wrong! Half way through the turn everything stopped! The RV is now completely blocking the road, resting with the gas tank on the ground, the rear tires spinning and the trailer is at an awkward angle that lifted the back tires of the dual axles off the ground.

Worried about the horses, we unloaded them and tied them to trees. Then disconnected the trailer. Still couldn't move the RV. For the first time since Dale passed away, I left the shovel at home and we couldn't dig under the tires. If we lifted the RV on the jacks to try and put something under the tires, it hit the trailer more!

To make matters worse we were concerned about being hit from cars on the road. Linda started to get her horse ready to ride back to where we heard the dogs hoping to get help. Just got the horse blanket on and a car full of partying kids approached. Linda convinced these

teenagers that they needed to go back down the road for help since they could not go past us.

Heard later that they got back to the trial grounds and the driver said, "Hey dude, is there a Paul or Bill here? There are two chicks stuck down the road with an RV and the horses are running wild! You can't miss 'em, they are blocking the whole road."

Paul and Bill came to our rescue. First when Paul was getting in position to move the trailer he caught his running board and ripped it off his truck. Then came the lecture when we realized the front wheel for the trailer was left at home. Nonetheless, they dragged the trailer out of the way so the RV could be elevated to make more traction under the tires. Finally, they got the RV to the side of the road to let the cars that were waiting pass by. I saw that my horse was standing partly in the road so I started toward him as fast as I could in the dark...WHOOOPS!...fell down into a 7' hole next to the road. Paul and Linda saw me one second then I was gone the next. Linda ran over and helped me out. Bruised and battered we made it safely to the trial grounds! And ONLY FOUR hours late!

Nothing happened that can't be fixed. We are better friends...and can laugh about our adventure.

Needless to say, the shovel and the wheel are now stored in the trailer, never to be left behind again.

Sorry, no photos! hee hee
