Happy 2010 CBC!

The saying goes "If it comes in like a lion then it goes out like a lamb."

Well 2010 is off and roaring.

I will have to say you made me proud, "All the potential for involvement we find, let's do it in '09!" Another great year has been made possible by you the members and the dogs of course. I would like to welcome all the new members that have joined us and thank everyone for making the year 2009 such a great success. I was not able to make the fall field trail, but I heard it went well. It was held on a private ranch, instead of out in California City, and everyone said it was beautiful and fun. This year Eukanuba was open to all dogs and my own two got to compete. Meet the breed went very well. We had lots of members and dogs show up each day to share their love and stories with people passing. Hope your holidays were merry with family, friends and a little sherry. And last this year, I am sad to say, we had two members that were dear to many hearts pass away. We say goodbye, farewell, and adieu. The year

has gone and begun anew. We are looking forward to another great year with CBC. Please let us know what you are doing with your Brittany, events to come, and brags that have happened, and anything that seems of interest to you is an interest to us. Please let myself or the editor of the newsletter know so that it can be shared with everyone. What comes to mind, as we start the New Year again, a slogan for 2010. "No matter how great or how small our Brittany's and members can do it all!

Call for Donations!

Donations are needed for the 2010 Specialty Show. Remember, Brittanies and Brittany people do it all, so anything is appreciated: dog stuff, horse stuff, outdoors stuff, indoor stuff, Basket stuff, and gift certificates.... (any item big or small, we can make baskets, we will include them all.)

Please contact Dena Miller at denashotline@aol.com or call at (626)833-1003 if you have an item you wish to donate.

CBC Fall Field Trial

"El Rancho Espanol de Cuyama" was the site for CBC's Fall Field Trial. Shortened to "Spanish Ranch", the location is a 7,000 acre ranch owned by Paul Doiron's brother Dan and his wife Pam. It is part of an original Spanish Land Grant and is steeped in history and lore. There is a main house plus numerous outer buildings such as the "Bunk House" and the "West Wing." Close to the full working kitchen is a huge covered patio area with many picnic tables as well as a full bar set up. This is where we congregated for meals and other festivities.

Turning off the main highway and then opening a huge metal gate, all vehicles needed to pass over a challenging one lane bridge (no passing lane here, folks!) Motorhomes and other rigs were set up in a huge field that had been graded by the ranch hands. It was a short walk from the rigs to the "cabana" area.

There were some "firsts" involved with this trial...a new location, a single course, and a "people mover." The people-mover also served as the dog-wagon. We used the ranch's tractor, hooked up a long flat bed trailer, piled bales of hay on it, and away we went with people and dogs. There is an access road that almost parallels the course so those riding the wagon got very good looks at much of the bird work. Dogs running in the "back" part of the course rode in dog crates on the wagon, and the "down" dogs were grateful for the "limo ride" back to the start. Thanks to Mark Ambre who served as the limo driver for most of the time.

The course meandered through Kelly Canyon, which had oak trees, small pine trees and other scrub dotting the sides of the canyon. Dogs and horses made their way over a course that zig-zagged its way across rock-strewn dry river beds up the canyon to several cattle water troughs. The going was slower than what we normally have experienced, but the dogs had no problem finding birds and stretching their runs up the canyon walls.

Special thanks to Dan and Pam Doiron for allowing us to host our Fall Field trial at El Rancho Espanol de Cuyama. What a splendid setting it was!

We were treated to the site of a herd of elk running through one of the large pastures. Dan Doiron grabbed his gun when a bull was sighted, as he had pulled a tag for bagging the huge creature. By the time he got there, it had disappeared and the only "bull" that Dan got was from those back at camp!

A couple of reasons to never miss a CBC trial are the food and the fun! This trial was no exception. What can be said about Sabrina Arney's way with food? The meals she planned were nothing short of Wolfgang Puck's talent. She had breakfasts, lunches, snacks, more snacks, and then the main meals! Sabrina goes out of her way to make sure that everyone is fed before she can even start to enjoy herself. She and Gregg not only did all the shopping, but packed everything to get it to the trial, then un-packed it all. One meal seemed to stretch into another, so it took her more than a day before she even got out of the kitchen to see the rest of the ranch. Then she got sick! Jumping in to help with breakfast and lunches were the

Miller ladies, Dena and Christine. Christine's husband Bob helped get the breakfast burritos that we looked forward to.

Mark Nunez, our Emergency Response Coordinator, and Santa Barbara County Fire Captain, oversaw the tri-tip/chicken barbeque on Saturday Night. We're not talking a little Weber-Kettle here...the size of the pit and rack were massive! He marinated, he stoked the fire, he grilled the meat, and he even brought along his professional meat cutter to get the food to the tables faster! If anyone went away hungry, it was their own fault.

Since our trial is held over the Halloween weekend, we had another "dog costume"

party. Held at Friday night's Happy Hour, and organized again by Deborah Frane and Linda McDonald, the dogs were dressed in their scariest, cutest, best homemade, handler and dog look-alike, weirdest, most imaginative, and sexiest costumes yet. Applause greeted them all. Prizes were awarded to the winners!

Saturday Night is the Club's traditional celebration of dogs that earned new titles. This night we honored, new dual champion, DC/AFC Megasmoke Limited Edition (Ted), owned by Tom White and

Margaret Horstmeyer; three new Amateur Field Champions - CH/AFC Remington's Rusty Ridge QTKT, MH (KT) owned by Myra-Dawn Ellis; AFC Tocalota's Abby (Abby) owned by Ed Mayhew; and CH/AFC Loki's Blizzard of Mischief (Luke), owned by Linda McDonald, Toni Avedissian and Nancy Schmeider. In addition, we added another

Field Champion to the list - FC Redline's Twist of Smoke (Tucker), owned by Sabrina and Gregg Arney. Finally, the title of Champion was earned by CH Midas Blazin Amber Skies (Amber), owned by Rosalie and the late Dale Shores.

It was at this time that the group took some time to remember Dale with a moment of silence and kind remembrances for being a die-hard

field trialer who loved his dogs, Jack Brooks, and Scipio's Mr. Chips! God-speed, Dale!

Thanks to everyone who helped out to make our event such a great success! Thanks to Paul for teaching me how to drive one of those ATV things (I had a ball and couldn't have managed getting dogs and people to the line without it!); to Linda Dixon for getting the judge's gifts wrapped up so nicely; to Ed Dixon for securing the birds; to bird planters Mike Frane, Bill Leffingwell and others

Congratulations New Champions!

who jumped in to help; to Cindy Leffingwell who helped where and when she could despite being so sick; to Sabrina, again, and all those who helped her; to Sabrina and Gregg again for hitching up little dog boxes to the back of the ATV; to Mark Ambre for being the limo driver; to all the Millers (Dena, Christine and Bob) for all your help; for the clean-up crew, Ellis, Judy, Linda, Bev, Myra-Dawn and everyone else who jumped in to help; to Deborah Frane for all the great pictures and for doing the costume party; to everyone who organized the Happy Hour; to the Rosenbergs who drove the from Prescott, AZ, to Keny Glasscock who came from Salt Lake City, to Norm Ahl coming from Tucson; to Mary Reynolds, the Loyall Pet Food rep, for donating generously again for placement prizes; to Bonnie Hildago from AKC for stopping by to enjoy the surroundings and to make sure we were running things per all the rules and regulations. And especially to our hosts, Dan and Pam Doiron. We appreciate your generosity in letting us invade "Spanish Ranch." If I forgot anyone, my sincere apologies.

Our trial was open to Brittanys only (except for Amateur Gun Dog) as we were only running the one course. We started 68 dogs, but the "game was called" on account of darkness for a couple of them. This was part of the "learning curve" of using a single course. We'd like to thank our judges for giving your time and experience in evaluating the dogs - Bruce Hale and John Cushing (OAA and OD); Ellis Herz and Craig Lewis (OGD); Ellis, again, and Tom White (AGD); Ed Dixon and Bill Leffingwell (OP).

2009 Meet the Breed

By Linda McDonald

Is this an active breed? Are they really hyper? How much grooming do they require? What were they bred to do? ...and so on for two days at the 2009 Eukanuba Championship, Meet the Breed was held on December 12th and 13th at the Long Beach Convention Center. What an opportunity to share with hundreds of people about our Brittany's!

On the Friday before, Helen Harbour and Rozanne Woelm started to decorate the booth with the support of items from Bob Woelm and Nancy Hewitt. I joined Sabrina Arney and Deborah Frane later to finish setting up a hunting theme using Nancy's beautiful Brittany tapestry as a background while Bob's hunting vests, shirts, caps, whistle, his replica "toy" shotgun, and his stuffed quail won as field trial trophies added to our display. Sabrina and I added several other field trial trophy quail and chukkar. We directed the public to our booth with CBC's large *Warning, Dog Crossing* sign which we use at several local field trials. Deborah Frane's DVDs were shown continuously on their new flat screen so people could see our dogs in action at our local field and show events. Free standing display boards of photos taken by Deborah Frane, represented a picture of Brittany's at field trials, hunt tests, conformation shows, obedience, agility and just hanging around at home. We included lots of public Brittany education, including information on CBC's new mentoring program. We had plenty of rescue information which was added to the ABC magazines, brochures and pamphlets available about our breed, as well as about local clubs and events. The Meet the Bred "crew" freshened up their blaze orange hunting vests and caps to wear while working the booth. Sabrina, Deborah and I added extra touches to complete the colorful, eye-catching presentation.

On Saturday, the booth was ably manned by Doreen & Tom Kearney, Mary Brown, Sabrina Arney, Deborah Frane, Sheri Harder, Carl & Dena Miller, Doreen & Tom Kearney, and me. "Hootie," Liza's Angel Gets Her Wings; "Bruiser," Redline's Hunting For My Halo; "Pebbles," Shiloh's Babbling Brook, JH; "Maggie," Arney's Mystical Maggie; "Molly," TK's Good

Golly Miss Molly; "Colby," Redline's Smokin' Pepperjack ; "Magnum," Redline Ruby Son of a Gun; "Luke," AFC Ch Loki's Blizzard of Mischief; "Ranger," CH Lone Oak's Smokin' Masked Ranger, and "Risa," CH Windsong's Time of My Life happily met the public answering the question about activity level by showing off their cute dog tricks in the aisle.

Sunday saw the booth well-manned by Sheri Harder, Sharon Kalionzes, Nancy Hewitt, Diane Dale, Susan Kerns, Mary Brown and me. "Ellie," CH Swift River's Destiny's Child JH, AX, AXJ ; "Ticker," Hope's Every Heart Beats True; "Buster," and "Hannah," Am,Mex,Int CH Roja-ExBrit on Rappahannock JH,AX, AXJ, RN; joined "Pebbles," "Luke," "Ranger," "Risa," "Colby," and "Magnum" to greet the crowds and show off more cute Brittany tricks.

Judy Tighe, our ABC delegate joined us as well on Sunday. She is also a wonderful ambassador of the Brittany to the general public. She is so delightful and knowledgeable and we loved having her with us at the booth. We were also thrilled to have such an interest for our dogs by the two United Kingdom sporting group delegates who own and compete their Brittany's. They spent quite a while at our booth while we all compared our Brittany experiences and events. We traded e-mail addresses so we can share our love for our breed across the pond.

Although, it was absolutely worth the time and energy of the volunteers to educate people about our breed, the focal point was on the dogs that showed everyone what our breed is truly about. They cheerfully stood out in the aisle patiently to greet the public with tails wagging, toys in their mouths, tricks up their sleeves and kisses for all. They were affectionate with the children and very sweet when they greeted the many visitors. The 2009 Eukanuba, Meet the Breed, was another wonderful chance to educate the public about our incredible, versatile, dual Brittany!

Photos Left: One of the three delightful posters provided by our photographer Deborah Frane educating all about the merits of a Brittany! **Top Right and Middle:** Views of our booth at the Eukanuba Championship. **Right:** A young visitor making a special connection with one of our Brits!

Note from the Editor

Sabrina Arney

I want to apologize for how late this edition is being sent out. I'm sure most of you know that I am a teacher and this time of year is very hectic for me at work. It is the end of the semester, finals and grades are due, and I am dealing with mountains of papers from my procrastinating teenagers who want to turn in everything last minute! So, I may have to talk to the board about changing the issue dates for the newsletter. I hope that you enjoy all the great articles and photographs that are published here.

Farewell Faithful Friend

DC JORDEAN TOUGH STUFF, MH

AKA "DUKE"

06/09/94—08/30/09

Submitted by Peggy Doiron

He has been called an anomaly because his name was Jordean, and many people wrongfully assumed that Jordean dogs don't run. But for those of us who knew him, we know that it simply wasn't the case with this Jordean dog.

Duke came to us on January 27, 1995 at 7 months of age to be trained as a hunting dog. In a very short amount of time, we came to realize that he was no ordinary little hunting dog. He was smart, learned very quickly, and was eager to please. He paid attention to where you were and stayed to the front.

His owner, Ellen Weinfurtnner came out to watch him work and discovered that we were working some Brittanys for hunt tests. She asked "Do you think Duke could do that?" And Paul said, "No problem. He's already broke, we'll just go right to the Master Hunt tests." He passed six in a row and earned his MH title. Then Ellen asked "Where do we go from here?" Paul told her he was going to get back into field trials with the Brittanys after a long absence while our boys were growing up.

We put Duke in his first field trial in January 1996. He placed in every trial he ran in and won some as well. People were surprised at the way he ran, because after all, he was out of show lines. He would sit on the line very calmly when all the other dogs were barking or sleeping, and he would stare off into the distance. I always felt he was making his plan for when his time came to run, because he seemed to know exactly where he was going.

Duke did a lot of winning and was part of our family. He earned his field title in February 1997 at 31 months of age, and finished his bench title in June 1997 at three years of age. He was qualified and ran in the All Age Nationals from 1997 through 2002. The year of 2003 he started off well again, but then he tore an Anterior Cruciate Ligament in his left rear leg on March 8, 2003, and after a long recuperation, Ellen decided to retire him.

Duke continued to live with us as he was so devoted to Paul that Ellen felt it would be unfair to take him away. Paul hunted with him for three more years after that, and they thoroughly enjoyed their time together. When at eleven and a half, Paul could see the hills were taking a toll on him, he was retired to rest and dream of days gone by. Duke was truly a special dog for us. At the ripe old age of 15 years, he was still as sweet and loving as he had been in his youth. We will miss him very much.

(Editor's Note: I submit your brags just as you send them to me. Please make sure that you send me the correct spellings and information just as you want it to appear. I have not been doing this job long enough to catch all errors in misspelled names or to "fill in the gaps" when your information is not exact or specific. Basically, I cut and paste what you send me and place it in this section of the newsletter. Thank you!)

Proud Parents!

Deborah and Michael Frane are very proud of Oscar, Brigade's Oscar De La Britt JH Dam: Maison De Chasse Magnifique x Sire: FC AFC Burford's Booked First Class. They are looking forward to him finishing his title at the CBC/SDBC Hunt Test in February.

Oscar, under Mike's expert handling, also placed 2nd at the Southland Weimaraner Club Amateur Gun Dog Retrieving Stake held October 25 and 26, 2009. Judges were Ed Mayhew and Carl Babbs. Oscar did a great job with 4 birds on course with a 5th bird in the bird field.
